

East Campus Housecomm

The First of May, 2013

3w and 4w are absent.

Summer rooming

We have n-2 people staying in EC over the summer and n rooms in the east parallel. If housing doesn't think you're staying here for the summer, please move out by your move-out date. Leonid will send out forms to both parallels about willing rooms, punting people, etc. This will include a list of residents staying over the summer. For seniors: if you are moving into a senior's room you will move after commencement.

Summer storage

Not many updates but Kelly is meeting with people about storage in the next week. Definitely: cleaning out the cages in the East side basement for storage over the summer. Trying really hard to get fridge rooms in the west parallel or allowing people to leave things in their rooms. This could possibly come with legal caveats.

Basement cleanup

Very soon we will start cleaning the basement. We'll probably go cage-by-cage like last year. We are open to suggestions about how we want to do this?

Discussion:

We should do it one cage at a time, or have a way of marking your stuff. Marking your stuff is not optimal because people will take it anyways. We will probably start with the Walcott cage.

Kelly announces we are starting with the Walcott cage. If you don't save your stuff by a week from now it becomes free. This will be a trial run to see how we will do the rest of them.

Webcomm

Webcomm (Leonid) says there's some sweet CPW media up on our website. You should check it out.

RLAD interviews

We liked all the RLADs from this week better than the first two.

Nicole: currently second on our list. Seemed like she would fit in well

Rame: we liked him fine but we don't think he's the best fit. He would be third but we have five more candidates to interview

Michael: absolutely first on our list, we loved him and he was fantastic. The housemasters also liked him.

There will be FOOD at future RLAD interviews. Next Tuesday from 4pm-6pm we will have 2 candidates. In two weeks on Tuesday we will have three more to interview, two from 7-9pm and another at a time TBD.
