Title IX working group room survey

Em McDermott, as a member of a Title IX working group, is working on a project to improve sexual violence prevention education. Reach out to Em (emilymcd@) if you have feedback on the following: What all do you remember from the online training you received coming to MIT? Do you have a preference for in-person or online training? Would you benefit from receiving information from student peers, staff members, or a combination of the two? If a mandatory training were to be instated, when would be best?

2018 Post-Rex Survey data briefing

[Presentation is linked here.](#) DSL gave us the 2018 Post-Rex Survey data for EC and the aggregate of all the other dorms. In summary, there are a few questions that were worded poorly, some issues EC performed well in, and some places that EC could improve. Reach out to exec if you have any comments, questions about the data and where EC could improve. We crave that data. Please encourage freshmen to fill out the surveys. They do read the comments.

info on Renovations Committee

[Presentation is linked here.](#) In order to be prepared to help our community transition smoothly during renovations at whatever point in the future, we are establishing a Renovations Committee. This committee of students will be tasked with gathering data, ideas, and plans on topics such as community continuation, housing groups of residents at other locations on campus, preservation (history, arts, culture), communication, returns, and other matters. An email will be sent out to apply.

HouseComm adjourned.
